

List of non-peer reviewed papers on Community-Based Monitoring

2008 National MOMA Workshop Madagascar:

- 1) Andrianarivelo, M.R., 2008. Ecological monitoring: strategy and organizational approach of the Ministry of Environment, Water and Forest and Tourism (MEEFT). Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Ministry of Environment, Water and Forest and Tourism, Antananarivo
- 2) Andrianandrasana, T. H. 2008. The MOMA Project and the Participatory ecological monitoring approach applied in Menabe Central dry forest. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Durrell Wildlife Conservation Trust - Programme Madagascar.
- 3) Andrianjohaninarivo, T. 2008. " Ny Alantsika " Incitement for conservation and participatory ecological monitoring in the humid and low altitude evergreen forests. Case of Maroseranana/Ambohimana (Brickaville) and of Vondrozo (Fianarantsoa). Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Conservation International.
- 4) Rabeson, P. & Feistner, A. 2008. Participatory ecological monitoring: A way to valorise Biodiversity. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. VALBIO Project Ranomafana.
- 5) Andriamparany, R.R. 2008. The local based monitoring in Tsitongambarika Forest (Fort Dauphin). Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. BirdLife International Madagascar Programme.
- 6) Rakotomalala, D. 2008. The ecological monitoring of biodiversity and pressures in Mahafaly spiny forest, South of Madagascar. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Association Nationale pour la Gestion des Aires Protégées.
- 7) Ramahery, V. 2008. The Marine Ecological monitoring in Madagascar. Case of Andavadoaka. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Blue Ventures/Wild Wide Fund for Nature.
- 8) Andrianarimisa, A. & Maisels, F. 2008. Targets and threats monitoring: Measures of the conservation impact (Range based monitoring). Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Wildlife Conservation Society.

9) Raharimampionona, J. 2008. Ecological monitoring for the flora conservation: an example of fragile ecosystem: Coastal forest of Mahabo Mananivo. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Missouri Botanical Garden.

10) Ralison, N. & Ratelolahy, T. 2008. Participatory ecological monitoring: Experiences in Makira a protected area. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Wildlife Conservation Society.

11) Sommerville, M. & Jones, J. 2008. Making monitoring meaningful: Statistical power consideration. Presentation at the national MOMA symposium on natural resource monitoring in Antananarivo, Madagascar, 13-14 December 2007. Leverhulme Project

National Moma Workshop Nicaragua:

1) Rueda, R. 2008. Monitoreo científico versus monitoreo local. Metodologías en Nicaragua y posibilidades en el futuro. UNAN, Universidad Nacional Autónoma de Nicaragua.

2) Coronado, E. 2008. Monitoreo participativa por comunidades y el monitoreo científico, sistemas implementado en la reserva de Bosawas; presentación de datos preliminares. UNAN, Universidad Nacional Autónoma de Nicaragua.

3) Skielboe, T. 2008. Monitoreo participativa de la biodiversidad, experiencias, metodologías, perspectivas y expectativas al nivel global. Nordeco, Copenhagen, Denmark.

4) Holt, S. 2008. Moma - Presentación de planes, metodologías y logros en los seis países participando en la programa Moma. Nordeco, Copenhagen, Denmark. National

MOMA Workshop Philippines:

1) E. Batangan (ed.) 2008. Proceedings from National Workshops on Monitoring of Natural Resources in the Philippines, 23-25 January 2008. PAWB-DENR, Quezon City, Manila.

2) Villar, M. A. 2008. Biodiversity Monitoring System implementation in Manleluag Spring Protected Landscape, Philippines. PAWB-DENR, Quezon City, Manila.

3) Rodriguez, L. 2008. Biodiversity Monitoring System implementation in El Nido Taytay Managed Resource Reserve Protected Area, Philippines. PAWB-DENR, Quezon City, Manila.

4) Tagtag, A. 2008. Biodiversity monitoring system in protected areas of the Philippines. PAWB-DENR, Quezon City, Manila.

5) Songco, A. 2008. Management effectiveness program and results in Tubbataha Reefs Natural Park, Philippines. PAWB-DENR, Quezon City, Manila.

- 6) Bringas, J. M. A., Tabaranza, D. G, Rosa, G. D. 2008. Participatory marine sanctuary monitoring in the Philippines: lessons learned, issues and future directions. PAWB-DENR, Quezon City, Manila.
- 7) Mirasol, F. 2008. Biodiversity Monitoring System experience, a case of Mt. Kitanglad Range Natural Park, Philippines. PAWB-DENR, Quezon City, Manila.
- 8) Alviola, P. , Altamirano R. A. 2008. Preliminary results of MOMA in the Philippines. PAWB-DENR, Quezon City, Manila.
- 9) Corosco, O., Ambal, G. 2008. Monitoring biodiversity conservation outcomes in the Philippines. PAWB-DENR, Quezon City, Manila.
- 10) Co, L. 2008. Palanan forest dynamics plot and Philippine biodiversity conservation: Beyond tree demography, now what, and why bother? PAWB-DENR, Quezon City, Manila.
- 11) Pagatpatan, M. 2008. Biodiversity monitoring and evaluation. PAWB-DENR, Quezon City, Manila.
